MARINA DI CAPO D'ORLANDO - SICILY

A few miles away from the Aeolian Island there is our new base, a marina equipped with all the amenities and services of a seafront resort. The new Marina of Capo d'Orlando, located within the enchanting natural setting of the north coast of Sicily, is the ideal place to discover the numerous destinations in the Mediterranean for a sailing holiday. The modern and state-of-the-art facility is built following environmental sustainability and energy savings principles.

Arrival, check in and organization:

The bases make the following hours: 08: 00/18: 00. Be sure to arrive within these hours in order to arrange for check in with the light of day and especially to have the time to be able to resolve - if necessary - some small mishap. Without problems we could hand over the yacht starting at 13:00/14:00 (after making the necessary checks with the previous crew after cleaning and settled).

Equipment and options:

Included in the price you will always find blankets and pillows. Bed linens, towels and beach towels are not included. If you wish to order the complete kit please let us know a month before departure to require all the laundry on time. It 'also advisable to request for time information about other optional extras and must be ordered, such as gennaker, the inverter and above the transfer. We also want to remind you that we can carry out transfers to our bases. For the base of Marina di Capo d'Orlando from Catania and Palermo airports. In this regard, if you would like to request the shuttle service we need the complete data on the fly, on the airport of arrival, the exact number of people to carry and timetable of planned landing.

Fuel, water and return to the base

Our boats will be delivered with full fuel and water. Before returning to the berth we will therefore ask you to fill the fuel tanks and once moored to cater to those for water.

You have to make re-entry based on Friday no later than 18:00. You will sleep on board and on Saturday 08:30 you will need to leave the boat after making the necessary checks. We remind you that only the first and last night moorings are included in the price, in our bases and our berths. Other moorings on other days are your responsibility.

Barcando charter

Security deposit

Classic deposit, payable for boarding, even if you have already taken out your insurance before leaving. In the presence of damage, we will retain the entire deposit. Then we will evaluate with whom it may concern and will forward the bill. In case of damage of a lower amount than the amounts paid, we will return the remaining part of the deposit.

Boat cleaning

Cleanliness is one of the costs required to be paid boarding. Although you pay, it does not mean that the boat must be returned in poor condition. So please try to leave the boat as you found it, not clean, but orderly. Thank you. And 'also it is forbidden to smoke on board to prevent odor and burns.

For your safety it is very important to remember not to go down the stairs with wet feet. The boat can become very slippery and you risk hurting yourself.

Trash

Leave your in sealed envelopes affixed inside the bins near parking. Do not leave them around, thanks.

The bathrooms

Remember not to throw paper or cotton inside the toilet to avoid clogging in the pipes. The pump may freeze and the intervention will be at your expense. Take time to explain the proper use of the bathroom at all crew members !!!
